duties of office, succeeding John Rice, Democrat. The board is now composed entirely of Republicans, the other members being Wilson Bradrick and Joseph McMillen.

The new board of commissioners organized Monday morning by electing Wilson Bradrick president of the board for the remainder of his term, which expires in March, 1923.

Mr. Shuff, the new commissioner, gave bond in the sum of \$5,000, and the same was approved by Judge Duke of the probate court.

County Commissioner Rice, who on Monday completed his second term as a member of the Knox county board, was the recipient of a pleasant bit of attention and thoughtful kindness on the part of his fellow officers, deputies and employees at the courthouse.

As an evidence of their appreciation and personal esteem, and also as a reminder of their regret at the severance of the pleasant official and personal relations that have been maintained through four years, his fellow workers and associates in the courthouse presented Commissioner Rice with a box of good cigars and a fountain pen. Mr. Rice, manifestly, was deeply touched by this expression of cordiality. The presentation speech was made by Prosecuting Attorney Paul M. Ashbaugh.

BOYS INDULGE IN DANGEROUS PRACTICE

Use Shot And Rubber Band In Theatres; Arrests Will Follow

Probation Officer Purcell was called Saturday evening to assist in breaking up a dangerous practice indulged in by young boys at the moving picture theatres in the city.

Complaint came Saturday from the managers of the Vine and Lyric that young boys had been engaged in the dangerous practice of throwing BB shot with a rubber band. This has been indulged in by boys in the theatre, and as a result several persons have been struck by the shots and injured. Saturday evening, Officer Purcell was compelled to visit both theatres, where he found young boys engaged in hurling shot with rubber bands.

PENNSYLVANIA R. R. OUTING IN MOUNT VERNON

Six Hundred Employees Of Akron Division And Members of Families Here

SPORTS AND CONTESTS AFFORD ENTERTAINMENT

Ball Game Between Orrville And Barberton Big Feature Of Afternoon

Six hundred employees of the Akron division of the Pennsylvania railroad, with members of their families enjoyed an outing at Riverside and Athletic parks in Mt. Vernon on Sunday. The visitors were the guests of the Athletic association of the Akron division, Pennsylvania railroad, under whose auspices the outing was held.

The visitors came to Mt. Vernon in two trains, those from the south coming on the regular train at 9:53 a. m., and those from the north on a special train from Akron at 10 a. m. It was an ideal day for an outing, and every moment of their stay in Mt. Vernon was enjoyed by the visitors. Local employees of the Pennsylvania railroad and members of their families joined the party at Riverside park.

Activity began soon after the arrival of the first comers at Riverside park, and thereafter there was something doing all the time until the signal was given to return to the trains and start on the homeward trip.

The children and young folks made full use of the swings and slides in the park the entire day, demonstrating the complete popularity of this equipment, added to the park this season through the generosity of the Chamber of Commerce.

Baskets well filled with eatables had been brought by each family group and at the noon hour tables were spread, and the attack on the refreshments followed in due time.

The afternoon was given over to sports and games. Mt. Vernon merchants generously had contributed, offering prizes in the several competitions.

Orrville Won Game

The chief feature of the afternoon was a ball game between the Barberton and Orrville teams. This was witnessed by a crowd estimated at 2,000 people, many from Mt. Vernon coming to Athletic park to witness the contest.

The game was won by Orrville by a score of 4 to 2. The batting feature was a three-base drive by Blubaugh. Orrville was able to do no scoring until the third session, when they hopped onto Kastner and drove in two runs. They did nothing more until the seventh, when two more runs were driven in.

Barberton was unable to score on Blubaugh until the sixth, when they got one over. They repeated in the seventh, but thereafter Orrville was able to hold them safe the rest of the route.

10 BALLOT FORMS SENT TO CLERK

Forms Are Received By Clerk Thayer Of Knox County Board Of Elections

Clerk Thayer of the Knox county board of elections on Saturday received from Secretary of State Harvey C. Smith 10 ballot forms for use at the November election.

Three separate ballots are provided for candidates for board of education. These are for villages and exempted school districts with boards other than those under county jurisdiction; for village and township boards where county boards of education are to be elected under the new law, making such board elective by the people, and for city boards.

Two village ballot forms are provided, one for villages under 2,000 inhabitants and the other for those with more than 2,000. There is also the city ballot, all three making provision for mayor, city treasurer, council and other city or village officials.

There are two judicial ballots, one for townships and one for municipalities. There is also the official township ballot, carrying the candidates for regular township offices.

The tenth ballot carries the three proposals for amending the state constitution, the proposed amendments being respectively to authorize the issuance of bonds by the state to pay the soldiers' bonus; to levy a poll tax; and to redistrict the state into 26 senatorial districts, there being 34 at the present time.

Good Word for Puzzlers.

Did you ever hear of xarque? That is a perfectly lovely word to add to the vocabularies of the makers of word-squares for the puzzle page. Xarque is dried and salted beef, known in English as jerked beef. It comes from Brazil and most of it is exported to Cuba.

Stiff? Sore?

A lame back, a sore muscle or a stiff joint often is considered too lightly by the sufferer. It should be remembered that backache, rheumatic pains, stiffness, soreness, swollen skin and puffiness under the eyes are symptoms of kidney and bladder trouble—and these certainly should not be neglected.

Foley Kidney Pills

help the kidneys eliminate from the system the poisonous waste and acids that cause these aches and pains. They act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to healthy, normal condition.

J. E. Simmons, 400 E. 50th St., Portland, Ore., writes: "I was troubled with backache and urinary trouble. I tried Foley Kidney Pills and will say that I highly recommend them to anyone troubled in that way, as they are excellent."

OFFICIALS MAY PROSECUTE MEN DAMAGING PIKE

Drivers Of Traction Engines Said To Have Damaged Surface Of Pike

Prosecuting Attorney And County Surveyor Hold Conference Today

Prosecuting Attorney Paul M. Ashbaugh and County Surveyor Carl Van Voorhis were in conference Monday morning over some action to take against owners and drivers of heavy traction engines who have damaged one of the best pikes in Knox county.

County Surveyor Van Voorhis said Monday morning that the heavy traction engines have caused a great amount of damage to the Coshocton road pike and as a result it will be necessary to resurface some of the pike this fall.

At a point just this side of the Monroe Mills bridge, the surface of the pike is badly worn and just across the Monroe Mills bridge on the Henwood pike the surface of the pike is badly worn. The county surveyor attributes the condition of the pike to the heavy traction engines which went over the pike late this summer. A portion of the pike will be resurfaced this fall, County Surveyor Van Voorhis announced Monday morning.

In a conference this morning Prosecuting Attorney Ashbaugh informed the county surveyor that there was a special statute covering the size of lugs on traction engine wheels permitted on improved roads. If traction engine drivers are violating this section of the statute, it was intimated this morning that arrests will be made.

Prosecutor Ashbaugh stated this morning that in coming from Howard the other day he followed a traction engine which was cutting up large sections of the surface of the pike.
